## How Much More Confident Can Your Child Be?

For the 9th year, McMurray Middle School presents....

### “Strategies for Success in Middle School”

Taught to hundreds of Vashon children, updated yearly, and taught by educator and workshop leader, Devon Atkins. **When children know how to learn better, they can and want to do better!**

Learning simple, systematic strategies creates a grade-specific foundation that children use for a more deliberate approach to school (and life) that results in better attention, work ethic, and confidence in everything they do. **Both parents and teachers notice that all children who take this Workshop become more confident in school, and, good students become much better students.**

(For more information: [www.devonatkins.com](http://www.devonatkins.com), or, call Devon Atkins, 206-353-9227.)

**TUITION: \$120 includes the Tuition-Free two-hour Parent Workshop for one parent or one parent-couple, plus the eight-hour Student workshop, materials, and snacks.**

And, Just for Parents.... “Strategies for Parents”

**This one-evening workshop teaches parents easier, more effective ways to support children in school:** Create a Home Culture that supports learning; learn Strategies for knowing what’s going on at school; encourage cross-communication between parent, child, and teachers; establish realistic, consistent expectations based on your child’s work ethic.

**TUITION: \$25 for parent or parent couple, payable in advance or on the evening of the Workshop.**

**(Visit [www.devonatkins.com](http://www.devonatkins.com) for Registration, Paypal Payment, & Tutoring Info)**

-----<Print Out and Cut Registration Form Here>-----
